HEARTLINE MINISTRIES  
ANNUAL REPORT

# MISSION VISION

Our mission

*Invest*  
IN FAMILIES

Our vision

*Healthy, Thriving*  
FAMILIES

We accomplish this through a holistic approach that focuses on maternal healthcare, economic empowerment, children's education, and community outreach.

# Maternal

## HEALTHCARE

The Heartline Maternity Center combats the dismal maternal health reality in Haiti through excellent medical care, health education, nutrition, and compassionate support. The Heartline model effectively reduces the high incidence of maternal and infant mortality and prevents children from becoming orphans.

The Heartline Maternity Center provides expectant mothers in Haiti with a full prenatal program, labor and delivery services with certified midwives and nurses, and a six month postpartum program of weekly medical care, child development education, and breastfeeding support.

Investing in maternal healthcare

*Strong, capable, competent mothers*

**116**

healthy, thriving babies born in 2020

**85%**

of all care provided by Haitian midwives

**1600**

women and girls received support for safe pregnancy planning and spacing

**1400**

women received medical care and attention

# Economic

## EMPOWERMENT

Empowering Haitians with education and income-generating skills to catalyze economic development and break the cycle of poverty.

Celebrating 8 years in operation, the Heartline Bakery offers economic opportunity and produces bread for ministry, retail and wholesale.

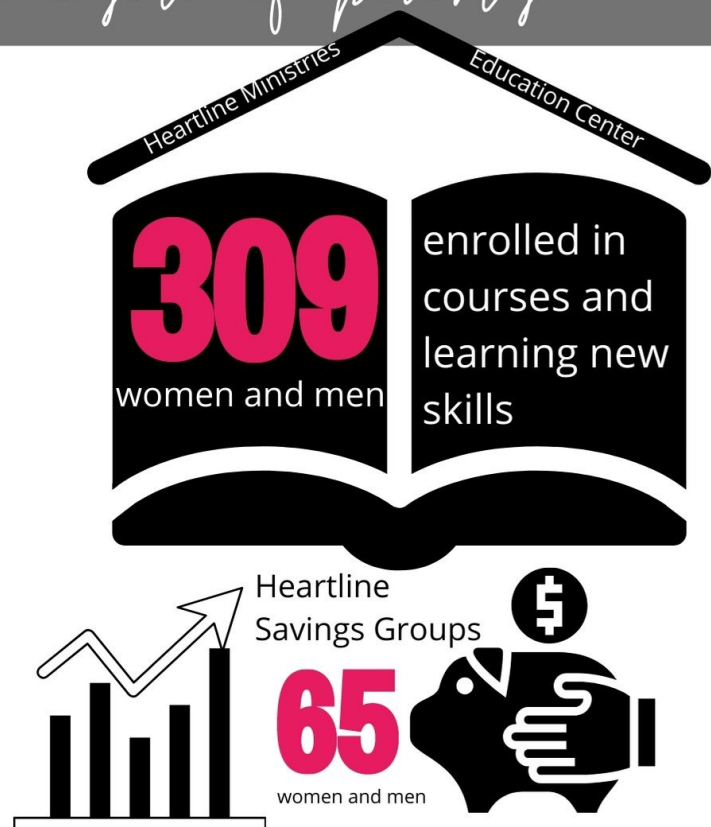

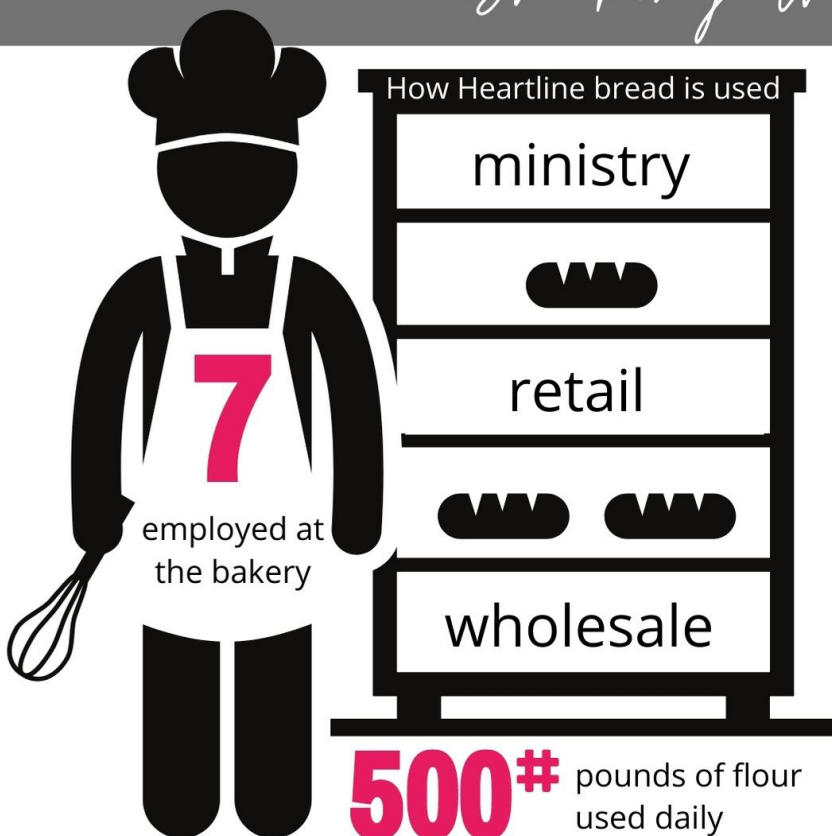

Heartline operates a government-credentialed education center where women and men living in extreme material poverty have the opportunity to obtain career skills through literacy education and vocational training.

The Heartline Savings Group operates in each of Heartline's ministry areas offering education on finance, micro-loans and leadership development.

### Investing in economic empowerment

*Breaking the cycle of poverty*

# Children's

## EDUCATION

Empowering children in Haiti through education.

Forced to choose between meeting basic survival necessities and sending their children to school, many families cannot afford the cost of education.

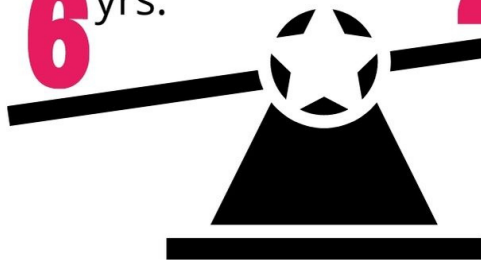

Far too often, children in Haiti do not have the opportunity to learn, grow, and thrive. Through the Heartline sponsorship program, generous donors ensure that students in Haiti can attend school and enjoy nutritious meals for their growing minds and bodies.

### Investing in children's education

### *Empowering children through Education*

age range of students in sponsorship program

**6** yrs.

**21** yrs.

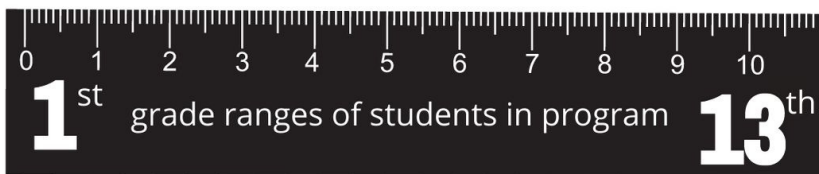

**\$6000**

direct assistance provided to students' families during COVID-19 school closures

children in school

**90**

# Community

## OUTREACH

The Heartline Outreach and Discipleship ministry was established in response to the direction of Jesus in Matthew 25:35-40 to feed the hungry, clothe the stranger, and visit the sick and imprisoned as prioritized ways of ministering in the name of Jesus.

The team ministers with lonely prisoners, children with disabilities, children living in extreme material poverty, and aging Haitians. Outreach ministry includes sharing bread baked at the Heartline bakery, evangelism, worship and prayer, and developing personal relationships to communicate love and the dignity of each person.

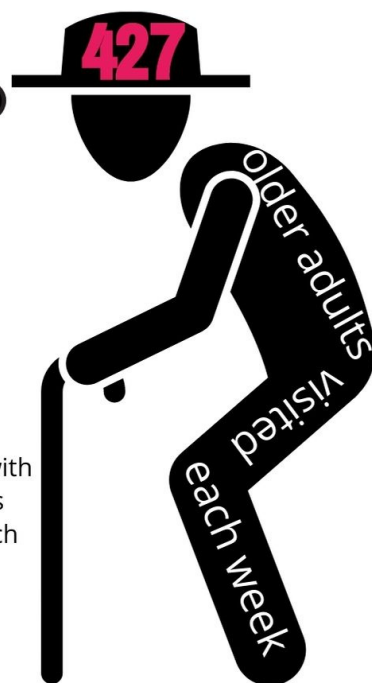

### Investing in community outreach

*Ministering with the 'least of these'*

visiting prisoners, children and the aging

children hear the gospel each week and enjoy a meal at Kid's Club

3 years of relationship with the children of Mephibosheth House

# You

## ARE A PARTNER IN HOPE

“

Tara, the time has  
arrived.  
I'm pregnant!

”

Norline and Adrian have shared their pregnancy journey with us since 2018 and we were thrilled to welcome baby Ruchama in October 2020.

# You

## ARE A PARTNER IN RESTORATION

“ God used Heartline to make this Mica that is sitting in this chair now. It's made me a changed person, I am another woman. A new woman; a brand new woman. ”

Mica's Story, A Song of Restoration, was featured during December and is available on YouTube and the Heartline blog.

# You

## ARE A PARTNER IN COURAGE

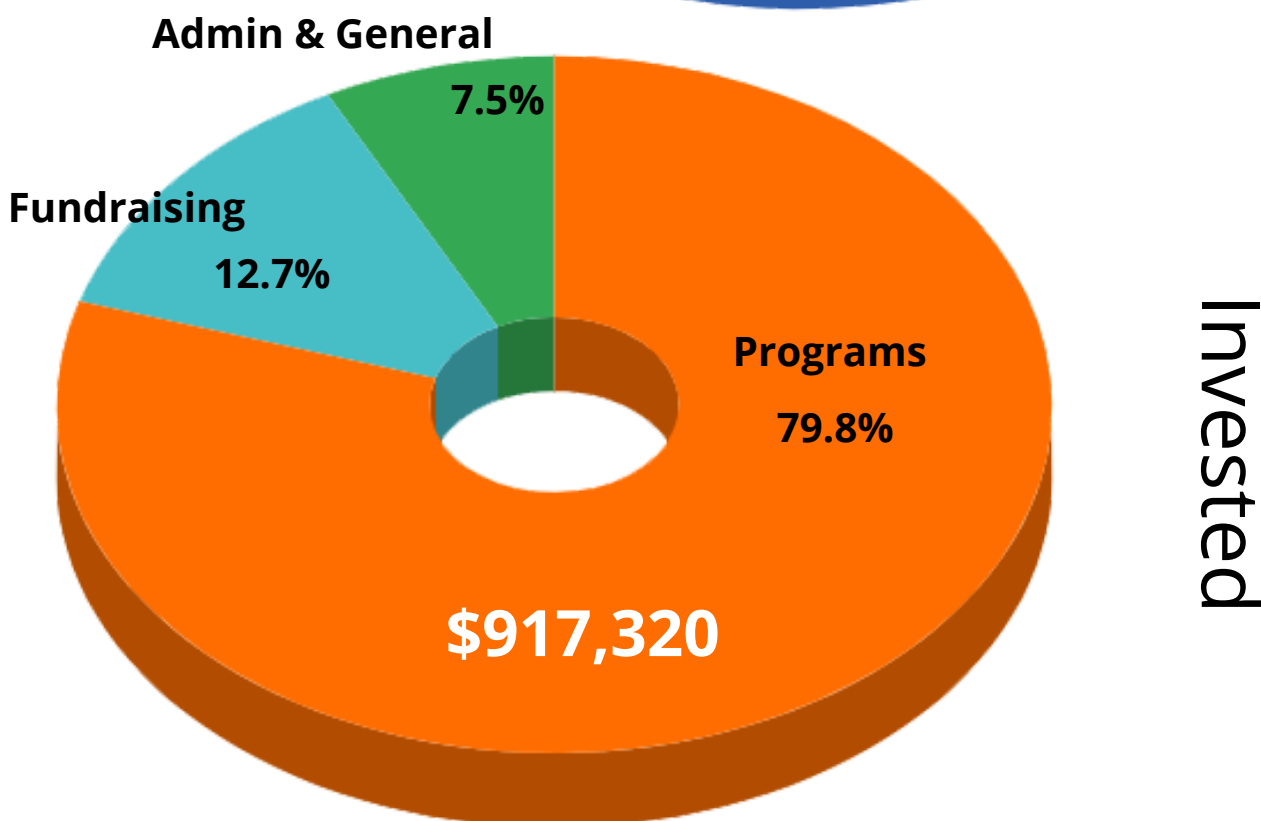

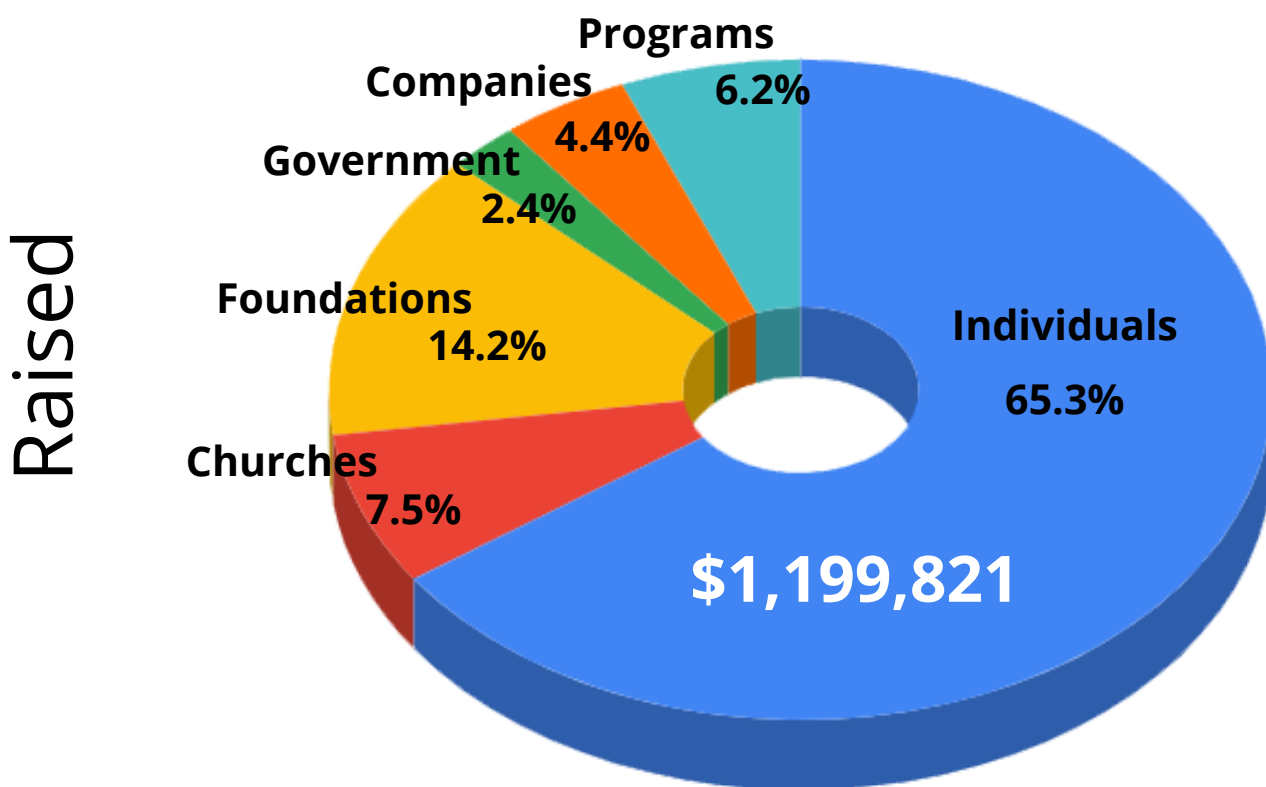

“ Now we're going to have a baby. I would like to glorify the name of Jesus! Nothing is impossible for God! ”

After a challenging delivery, Moise and his wife, Jonise welcomed baby Samuel.

# Your Generous

## INVESTMENT IN FAMILIES

**Note:** Does not include \$288,402 in capital expenditures

# Thank You

## FROM OUR DIRECTORS

It's hard to imagine many of us will reflect on 2020 with any measure of fondness.

What a difficult and unpredictable year we faced as individuals, families, and a global community.

Knowing how difficult 2020 was for all of us makes this opportunity to report on the work you helped accomplish at Heartline Ministries in Haiti even more astounding and exciting.

It is no small thing to continue to give generously to support Haitian families when you face a level of uncertainty regarding your own family.

Tara and I come to you today humbled by your faithfulness and love. You gave and prayed and cared for Haiti without interruption.

As you can see when reviewing this year-end report, programs continued in Haiti, and Heartline's phenomenal staff worked hard to offer classes and community during the chaotic early days and months of the COVID-19 pandemic. Leaders emerged, needs were met, families were supported, and the traumatic events the world faced did not interrupt the ways you and Heartline changed lives. We couldn't be more grateful.

With deep appreciation,

Troy and Tara Livesay

# Board

## OF DIRECTORS

### **Sarah Bessey - Board Chair**

Sarah has been a supporter of Heartline with a particular interest in our Maternity Center since 2012 and began serving on the Board in 2017.

### **Tom White - Treasurer**

Tom and Judi have four kids, all adopted from Haiti, the oldest in 1995. Tom has been 'counting the beans' for Heartline since 2000 when Heartline was formed.

### **Jen Delavan - Secretary**

Jen's two youngest daughters were adopted from Haiti in 2017 and that is what led her to support and believe in the mission of Heartline.

### **Dieula Previlon**

Dieula was born in Gonaives, Haiti, and later moved to the United States where she graduated from Rutgers University. She also earned a MA in Counseling from Dallas Theological Seminary.

### **Harold Hanusch**

Harold has been a passionate supporter of Heartline ever since the early 2000's. He also lived in Haiti for several months.

# Coming Up

IN 2021 AND BEYOND

Currently under renovation, the Starting Place - Temple, Texas is expected to open Summer 2021. We are excited to employ the Heartline Maternity Center model in service to communities in Bell County, Texas while continuing to share the Heartline Maternity Center model with interested organizations worldwide.

To honor, support, and empower women before, during, and after pregnancy through holistic midwifery care in Bell County, Texas.
